

Climate Literacy and NOAA in the Mid-Atlantic Workshop: 8/25/10

Objectives

1. Increase knowledge about NOAA's role and resources for supporting climate change research and outreach among NOAA professionals
2. Increase communication among NOAA professionals working in the region on climate topics

Working Agenda

- | | |
|--------------------|---|
| 8:30-9:00 | Grab a bagel and coffee, sign-in and get acquainted |
| 9:00-9:15 | Welcome and introductions |
| 9:15-9:30 | NOAA Climate Service: Erica Seiden (NERR) |
| 9:30-10:00 | State of Climate Change Science: Paula Jasinski (NCBO) |
| 10:00-10:15 | Defining and Expressing the Uncertainty of Climate Change Science: Paula Jasinski |
| 10:15-10:30 | Break |
| 10:30-10:45 | Downscaling Climate Change Models: Daphne Pee (MAWP) |
| 10:45-11:00 | Communicating Climate Change Science: Chris Petrone (VASG) |
| 11:00-11:15 | NOAA Climate Portal: Erica Seiden |
| 11:15-11:30 | Regional Resources |
| 11:30-12:30 | Roundtable Discussion (Questions below) |

1. How is your office currently involved in climate research, education or outreach?
2. What information, partnerships, and/or resources would help improve that work?

Presentations and summary will be hosted on the following website:
