Bring Your Own Bucket: Critter Collection

September 12, 2015, 2pm-5pm

**What:** Want to set up an aquarium in your classroom but don’t know how or where to collect the critters for it? CBNERRVA education staff will lead a short information session on estuarine aquarium keeping, classroom experiments using aquaria, and safety instructions for the collection, followed by field collection of hardy critters that will work well in small 10-20 gallon classroom aquaria. This event is for teachers only; no students can participate, other than your own children. You may want to bring a friend, spouse, coworker with you to help pull the nets.

**Who:** K-12 Teachers

*For more information and to RSVP, call or email Sarah Nuss at 804-684-7878 or mcguire@vims.edu.*

Teachers on the Estuary (TOTE): Water Quality and Climate

October 12-13, 2015, 9am-4pm each day

**What:** Join educators from CBNERR for two exciting days exploring water quality and climate change through the use of NERRS and NOAA data and curriculum, field activities, and classroom materials. Teachers will be able to lead students in learning activities that improve the students' abilities to become stewards of the environment after participating in this workshop. Teachers will be provided with all materials necessary to return to the classroom and effectively teach the curriculum presented, as well as receiving support from CBNERR Education staff during implementation.

**Who:** Secondary science teachers in Hampton Roads. Teachers encouraged to bring a partner teacher from their school.

*For more information and to RSVP, call or email Sarah Nuss at 804-684-7878 or mcguire@vims.edu.*
