Hunting Permit Rules and Regulations

- The Permittee is allowed to hunt from a floating blind within 500 yards of CBNERR-VA stationary blinds numbers 1 through 7 and 9.

- Only one floating blind is allowed within 500 yards of a CBNERR-VA permitted blind. Floating blinds do not need to be located immediately adjacent to CBNERR-VA blind; however, they should be in the general vicinity and not interfere with hunters in adjacent blind areas.

- Boat registration numbers must be clearly visible to allow law enforcement officers to view numbers at a reasonable distance so as to minimize disturbance of permitted hunting.

- Hunting within 500 yards of CBNERR-VA permitted blinds is only allowed on Thursdays, Fridays and Saturdays. **No Hunting Sunday through Wednesday.**

- This permit covers the Permittee and up to two guests hunting within the same floating blind.

- CBNERR-VA retains the right to stop hunting activities within 500 yards of any CBNERR-VA licensed blinds if hunting activities are deemed to interfere with ongoing research, monitoring, restoration and/or education activities. You will be contacted (using contact information above) if this situation should arise.

- This permit only pertains to these general waterfowl hunting season dates **November 17-28, 2021 and December 18, 2021 – January 30, 2022.** No other waterfowl hunting seasons are permitted on CBNERR-VA managed property.

- A copy of this permit must be made available upon request by Law Enforcement Personnel and representatives of CBNERR-VA.

I, the undersigned, have read, understand, and agree to abide by the above hunting permit rules and restrictions.
